An accomplished Senior Product and UX Designer with over 12 years of expertise in delivering impactful solutions that have successfully driven growth and engagement for a wide range of clients. With more than 20 years in the design industry, I have a significant background in both visual design and front-end development. I am passionate about creating innovative, visually compelling, user-centered solutions that are scalable, efficient and enhance both user acceptance and business success.

Work Experience

Senior Product Designer

Feb 2024 - Sep 2024

IGS Energy | Remote

- Collaborated with stakeholders, users, business analysts, project managers, and developers to design and develop 2 new applications to support and enhance IGS's quickly growing solar energy business.
- Greatly improved complex workflows through Figma-based mockups and interactive prototypes.
- Delivered highly consistent, thoroughly user-vetted, developer-ready designs to simplify implementation.

Senior Product Designer

Jul 2022 - Jul 2023

Anywhere Real Estate Inc. – Cartus | Remote

- Led product design strategy and direction of 4 separate Cartus product teams.
- Spearheaded the redesign efforts of Cartus's most significant product offering, Compensation.
- Conducted research interviews to gather & synthesize user data to greatly improve internal processes.
- Created user flows, conceptual wireframe mockups and functional Figma based prototypes to deliver intuitive, highly optimized, innovative new product features.

Senior UX Designer

Nov 2021 - May 2022

Realquantum | Kansas City, Missouri, United States

- Led UX design strategy for Realquantum's commercial real estate appraisal software offering.
- Conducted user interviews to understand user's needs and provide new intuitive solutions.
- Produced wireframes, mockups and functional prototypes to deliver innovative new product features.
- Directed design and development efforts to achieve and sustain ADA Section 508 compliance.

Product Designer

May 2021 - Nov 2021

U.S. Department of Homeland Security | Remote

- Provided UX/UI design for adjudication scheduling software for the immigration offices (USCIS).
- Partnered with ServiceNow to redesign an app facilitating federal funding, grants and major acquisitions.
- Led research interviews to uncover and synthesize valuable insights, improving overall user experience.
- Ensured WCAG 2.1 Level AA accessibility compliance standards across internal applications.
- Developed design systems and standards guides for DHS and USCIS departments.

Senior UX Designer

May 2014 - May 2021

CD2 Learning | Overland Park, Kansas, United States

- Led the UX/UI efforts to continually improve an enterprise level LMS software.
- Produced user flows, wireframes and full-fidelity prototypes to create innovative new features.
- Led the design of an internally developed headless e-commerce white label solution.
- Led the design and development of client-focused mobile apps to drive effective learning solutions.
- Solely created and maintained company's design system, standards and branding guides.

Senior Web Designer

Oct 2008 - Apr 2014

Silpada Designs | Lenexa, Kansas, United States

- Provided design for Silpada's e-commerce and their backend administration sites.
- Designed highly interactive animated promotional content, landing pages and micro-sites.
- Created online content, catalogs, emails campaigns and assisted with video production.
- Provided solutions for increasing site traffic, improving SEO and analytics reporting.
- Provided art direction, managed seasonal help, interns and mentored jr. designers.

Senior Web Designer

Sep 2006 - Oct 2008

Bushnell | Overland Park, Kansas, United States

- Developed and maintained Bushnell's websites and it's 14 subsidiary company sites.
- Managed the priorities of over 25 product managers, across many unique brands.
- Created interactive landing pages and marketing micro sites to showcase new innovative products.
- Designed packaging, brochures, emails, prints ads, store displays and trade show booths.

Web Designer

Aug 2004 - Sep 2006

The Golf Warehouse.com - | Wichita, Kansas, United States

- Responsible for design, architecture, content and special promotions of the largest golf e-commerce.
- Created interactive web content, such as custom club fitting app and custom shoe app.
- Generated over \$4 million annually through banner affiliate marketing.

Graphic Designer

Jul 2003 - Jun 2004

The Coleman Company, Inc. | Wichita, Kansas, United States

- Designed packaging and supporting materials for outdoor camping products

Education

Bachelor of Fine Arts in Graphic Design - Wichita State University | Wichita, Kansas
